

## **HEALTH INFORMATION PRIVACY NOTICE**

**This Notice Describes How Medical Information About You May Be Used and Disclosed and How You Can Get Access to This Information.  
Please Review This Document Carefully.**

### About Protected Health Information (PHI).

In this Notice, “we”, “our” or “us” means Peak Motion, LLC and our workforce of employees, contractors and volunteers. “you” and “your” refers to each of our patients who are entitled to a copy of this Notice.

We are required by federal and state law to protect the privacy of your health information. For example, federal health information privacy regulations require us to protect information about you in the manner that we describe here in this Notice. Certain types of health information may specifically identify you. Because we must protect this health information, we call this Protected Health Information---or “PHI”. In this Notice, we tell you about:

- How we use your PHI
- When we may disclose your PHI to others
- Your privacy rights and how to use them
- Our privacy duties
- Who to contact for more information or a complaint

### Some of the ways we use (within the organization) or disclose (outside of the organization) your Protected Health Information

We will use your PHI to treat you. We will use your PHI and disclose it to get paid for your care and related services. We use or disclose your PHI for certain activities that we call “health care operations”. We will also use or disclose your PHI as required or permitted by law. We will give you examples of each of these to help explain them but space does not permit a complete list of all uses or disclosures. This is one reason why you can contact us and ask us questions.

#### 1. Treatment

We use and disclose your PHI in the course of your treatment. For instance, once we have completed your evaluation or re-evaluation we send a copy or summary of our report to your referring physician. We also maintain records detailing the care and services you receive at our facility so that we can be accurate and consistent in carrying out that care in an optimal manner; that record also assists us in meeting certain legal

requirements. These records may be used and/or disclosed by members of our workforce to assure that proper and optimal care is rendered.

2. Payment Involving a Third Party Payer

After we treat you we will, typically, bill a third party for services you received. We will collect the treatment information and enter the data into our computer and then process a claim either on paper or electronically. The claim form will detail your health problem, what treatments you received and it will include other information such as your social security number, your insurance policy number and other identifying pieces of information. The third party payer may also ask to see the records of your care to make certain that the services were medically necessary. When we use and disclose your information in this way it helps us to get paid for your care and treatment.

3. Payment Exclusive of a Third Party Payer (fully self-pay)

If you choose to pay for your services, in full, without involving a third party (insurer, employer, etc.) you may request that we do not disclose any information regarding your services for payment purposes.

4. Health Care Operations

We also use and disclose your PHI in our health care operations. For example our therapists meet periodically to study clinical records to monitor the quality of care at our facility. Your records and PHI could be used in these quality assessments. Sometimes we participate in student internship programs and we use the PHI of actual patients to test them on their skills and knowledge. Other operational uses may involve business planning and compliance monitoring or even the investigation and resolution of a complaint.

5. Special Uses

We also use or disclose your PHI for purposes that involve your relationship to us as a patient. We may use or disclose your PHI to:

- *Remind you of appointments*
- *Carry out follow ups on home programs that you have been taught*
- *Advise you of new or updated services or home supplies*
- *Release equipment and/or supplies to your designee*
- *Carry out follow ups on your home programs or discharge planning*
- *Advise you of new or updated services or home supplies via telecommunication or via a newsletter*
- *Carry out research that does not directly identify you*
- *Update your workers compensation case worker or employer*
- *Carry out marketing functions such as providing nominal promotional gifts*
- *Contact you regarding fundraising projects that we are engaged in*

Note: If we receive direct or indirect financial remuneration from a third party for marketing a product or item or for any fundraising we are engaged in we will offer you the opportunity to 'opt out' from receiving any of these materials.
